

The Colors of Ultratech®

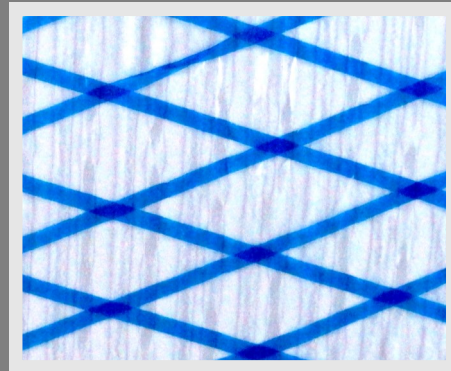

The Ultratech fabric swatches shown here represent the spectrum of current colors available from Volm. Each swatch is made using a warp (vertical) color of Natural (PMS 656) along with a weft (diagonal) color. Color can be substituted for Natural for a solid color effect. White and Black are also available.

Due to variations in individual user's monitor settings, calibrations, color print settings, and lighting sources, we recommend submitting a sample request for closer color matching purposes.

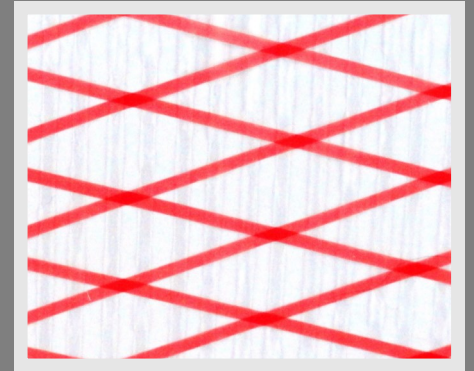

PMS/Pantone codes given most closely match actual fabric colors.

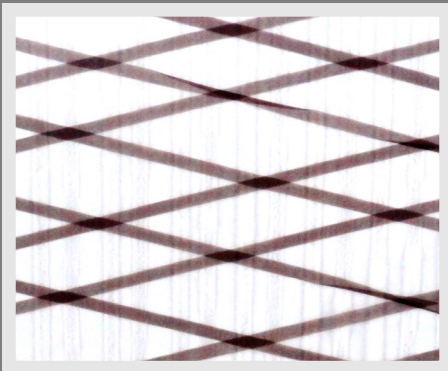

Natural/Yellow PMS 101

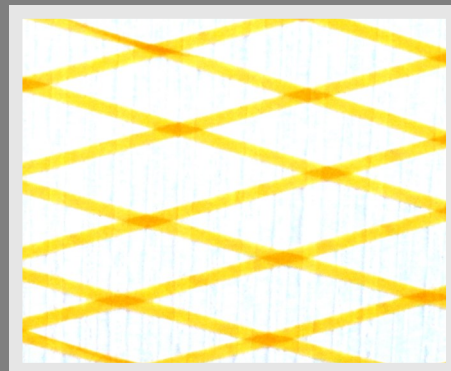

Natural /Blue PMS 2141

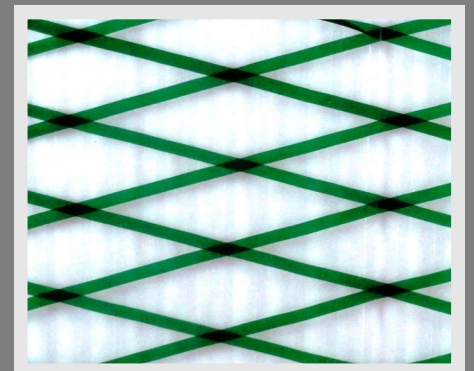

Natural/Tangerine PMS 1625
